

## CITY NEWS

### Buttermilk Bridge Update

The steel is in place and the sod is being put down to spruce up the area. There are a few behind-the-scenes matters taking place before the paving work can resume. You may have noticed the new traffic control equipment on the poles near the intersection. They are not cameras to catch speeders or take license plate numbers of cars blocking the intersection. The officers in the patrol cars will be the ones watching for that!

### Be A Responsible Pet Owner

Just a reminder, the warm weather is a good reason to enjoy the out of doors, so please be considerate of your neighbors. Keep your pet on a leash during walks, and be sure to clean up their messes. It's not fun, but it's common courtesy. This may also be the time to check their vaccination schedules and get their shots and flea treatment up to date.

### BY THE NUMBERS...

The Kenton County Veterans Memorial honors these fallen soldiers:  
  
106 from WWI, 286 from WWII, 24 from the Korean War, 49 from the Vietnam War, 4 from the Iraq Conflict and 2 from Afghanistan. These local soldiers and their families made the ultimate sacrifice for our freedom.
